SERMON: Is God Personally and Actively Guiding and Protecting Your Life?

WHAT DO YOU THINK?

- How often do you pray in hopes that God is listening?
- How often do you go about your day in hopes that God is guiding your life?
- How often do you pray for others and wonder how God will carry out your prayers?
- When you pray for God to heal the sick, what are you asking?
 - Are you asking Him to personally, physically, and actively change the state of the person's body? If not, what are you asking?
